

Neptune Krill Oil

Three supplements in one, this unique marine oil is rich in EPA and DHA naturally complexed with phospholipids and antioxidants, to provide the most bioactive and stable form of Omega-3 fatty acids.

- *Neptune Krill Oil* is made from tiny, shrimp-like crustacea (*Euphrasia superba*), the largest biomass on the planet and food for the mighty blue whale, harvested from the pristine oceans of Antarctica
- Completely free from mercury, other heavy metals, PCBs and dioxins
- Incredibly stable and protected from rancidity due to the presence of phospholipids and antioxidants
- Does not require refrigeration
- Offers the well-known cardioprotective, anti-inflammatory, and brain enhancing benefits of EPA and DHA
- *Neptune Krill Oil* is also rich in carotenes, especially the potent antioxidant and brain protector, astaxanthin (“asta-zan-thin”)
- Also contains the first bioflavonoid ever found in a non-plant source
- *Neptune Krill Oil* has an exceptional ORAC (Oxygen Radical Absorption Capacity) rating of 378 (vs. 8 for fish oil, and 51 for astaxanthin alone)
- Best taken with breakfast due to its mild brain-stimulating properties
- Small, easy-to-swallow gelcaps, low dosing requirements (typically 1-2 gelcaps per day), and a total absence of “repeating” ensure patient compliance

Supplement Facts

Serving Size 2 softgels • Servings Per Container 30

Amount Per Serving		% DV *
Calories	8	
Calories from Fat	6	
Total Fat	0.7 g	1%
Saturated Fat	0.3 g	2%
Sodium	5 mg	<1%
Vitamin A (naturally occurring)	100 iu	2%
Vitamin E (naturally occurring)	0.5 iu	2%
Choline (as phosphatidylcholine)	73 mg	13%
Phospholipids	400 mg	†
Omega-3 fatty acids, total	300 mg	†
Eicosapentaenoic acid (EPA)	150 mg	†
Docosahexaenoic acid (DHA)	90 mg	†
Omega-6 fatty acids, total	20 mg	†
Omega-9 fatty acids, total	85 mg	†
Astaxanthin	1.5 mg	†

* Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established

Other ingredients: gelatin, glycerin, water.

Other Features and Benefits:

- The EPA and DHA in *Neptune Krill Oil* are naturally bonded to phospholipids (not triglycerides, like fish oil), producing enhanced bioactivity in the cell membranes
- *Neptune Krill Oil* is rich in phosphatidyl choline, vital to the proper functioning of the liver and central nervous system, and a rich source of the brain food choline, the direct precursor to the important neurotransmitter acetylcholine
- Shown in clinical trials to be the most effective nutritional supplement ever tested for both the physical and emotional symptoms of pre-menstrual syndrome (PMS)
- Helps lower elevated blood sugar, LDL cholesterol and triglycerides, and raise HDL
- May protect against UV radiation
